

The Company

BSN medical is a global medical device company - and one of the world's leading suppliers in the product segments of casting, bandaging, traditional wound care and compression stockings.

Several of our well-known brands – **Gypsona®**, **Orthoglass®**, **JOBST®**, **Radiante®**, **Deltacast®**, **Tricodur®** and **Leukoplast®** – are among the most trusted names in the healthcare profession.

BSN medical has production facilities in Germany, France, the UK, Mexico, Pakistan, South Africa and the U.S, operating all over the world via affiliates, joint ventures and distribution agents. We employ approximately 3,600 people, have generated revenues of €560 million in 2007, and continue to grow in excess of 4.5%.
